3 Bedroom, 2.00 Bathroom, 1,540 sqft
Residential on 27.20 Acres

N/A, Pecos, NM

This 27+ acre northern New Mexico homestead features a 3-bed, 2-bath manufactured home, ready for your updates. Recent infrastructure upgrades include a new well pump and updated septic system. Natural water flow is guided by erosion control efforts and engineered drainage that feeds into a small seasonal pond. The property has been lovingly used as a small livestock farm with pens for pigs, goats, and chickens, plus corrals that can accommodate horses. The fenced pasture allows for some rotational grazing (electric fencing may need regular maintenance). A mature grapevine and a young orchard of apple and pear trees near the home offer food production potential, with space for expanded gardening. A large workshop/garage provides excellent storage for vehicles, tools, and ATVs, and includes an electric RV hookup. The acreage rises into a well-maintained piñon forest, which has been selectively thinned to provide both grazing and usable timber. The topography is steep in places but accessible from the northern boundary, where a natural shelf offers a potential wooded build site. The property shares a boundary with National Forest and is located near Bull Creek, offering both privacy and direct access to public land. Just 50 minutes from Santa Fe via well-maintained roads, this versatile property is ready for homesteading, recreation, or peaceful rural living with existing agricultural infrastructure and stunning natural surroundings.
