

\$1,295,000 - 357 E Alameda, Santa Fe

MLS® #202504565

\$1,295,000

4 Bedroom, 3.00 Bathroom, 2,070 sqft
Residential on 0.17 Acres

N/A, Santa Fe, NM

Welcome to 357 E Alameda Street â€” a timeless Santa Fe adobe residence that perfectly blends historic charm with modern comfort, just steps from Canyon Road, the Santa Fe River, and the heart of downtown.

This 4-bedroom, 3-bathroom home offers approximately 2,007 square feet on a beautifully landscaped 7,800-square-foot lot. Multiple private outdoor living areas create a true oasis, while the coveted BCD zoning (Business Capital District) allows for a wide variety of potential uses.

A flexible attached space with its own entrance makes an ideal art studio, guest casita, or home office. Recent upgrades add peace of mind and convenience, including a newer roof with remaining warranty, paid-off solar panels that cover the electric bill, a new furnace with combo refrigerative air conditioning, custom blinds, and an electric car charger.

Originally built in the 1950s, the home radiates authentic Santa Fe character with adobe-style architecture, viga ceilings, hardwood oak floors, and a wood-burning fireplace anchoring the open living and dining room. The updated kitchen offers both function and flair, with abundant counter space, natural light, and serene views of the Santa Fe River Park. French doors lead to a private, walled flagstone courtyardâ€”perfect for entertaining or relaxing beneath mature shade trees.

The xeriscaped grounds provide year-round beauty with low maintenance, and multiple off-street parking spaces add rare convenience for this Eastside location.

Every detail invites you to experience Santa Feâ€™s signature lifestyleâ€”where adobe walls and handcrafted finishes meet mountain air, art galleries, fine dining, and cultural landmarks within walking distance. Whether you seek a serene private residence, a creative retreat, or an investment property steps from the Plaza, 357 E Alameda delivers the perfect balance of charm, sophistication, and location.

Built in 1951
